# *“Be Seen” Zine Instructions*

Two Sides A4 Size

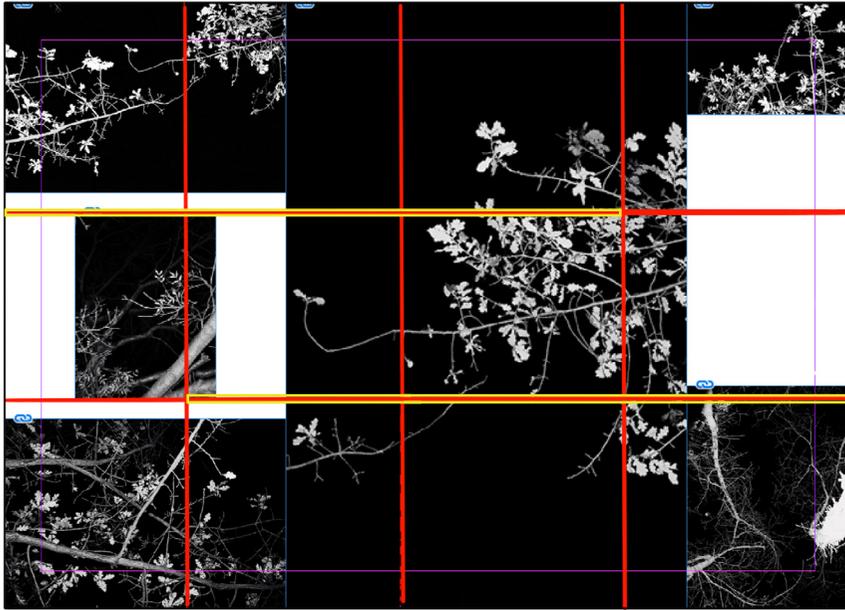

## Instruction

This is a zine about photography. Because of COVID-19, our whole pace of life has been slowed down a lot, giving me a lot of time to observe and record the scenery that was once neglected by us, such as the trees in the picture. The micro world, because of this special period, made me realize the meaning of living in the present.

I also reserved the gaps and blanks between the photos so that people who received this zine can observe the trees by themselves and then hand-painted or collage them on the zine. For example, you can connect the hand-painted branches with the branches of the photo.
