State Library Victoria
Melbourne

Being able to travel is a privilege, it's even more so during/ after the pandemic. I was lucky to be able to travel overseas and explore the beauty of historical architecture. I want to show a collection of photographs of magnificent libraries. Library is an archive for books, knowledge and history, since we are not able to travel and I want to use the format of time as a portable archive, to show the spectacular libraries to the public and for those who are unable to travel.

You can cut out the country outline on each page and create your own world map of libraries.
