# instructions for a zine

1. print zine pdf in colour on A4 paper, without a border. optionally, for a reversible zine, print the document double sided, with long-edge binding.
2. fold the paper lengthwise, with images facing outwards. unfold.
3. fold the paper in half crosswise, with images facing outwards. while remaining folded, fold each side crosswise once again, by bringing edges of paper towards first crosswise fold; to create a zigzag/concertina. unfold.
4. cut paper carefully along indicated line.
5. fold paper lengthwise once again. push folded edges towards one another, creating a 'diamond' through the cut section.
6. flatten to an open book. bring covers around to the front and back to finish creating your zine.
